

## Jing Systems

### Own Your Clients. Own Your Revenue.

A modern booking, payments and claiming platform built for remedial and Chinese massage clinics.

### *Understanding the Cost & Capability Difference*

|                  | Marketplace Model | Generic Booking System | Jing Systems              |
|------------------|-------------------|------------------------|---------------------------|
| Fees             | 10–20% commission | Monthly + card fees    | No commission             |
| Example (\$100)  | \$20 lost         | \$1–\$3 fee            | \$0 lost                  |
| Monthly Impact   | \$800–\$1,600+    | \$40–\$150+            | Predictable / lower       |
| Client Ownership | Shared            | Owned                  | Fully owned               |
| Competition      | Hundreds listed   | None                   | None                      |
| Tyro Integration | No / limited      | No                     | Fully integrated          |
| Workflow         | Split systems     | Basic                  | Booking → Claim → Payment |
| Multi-language   | No                | Limited                | Built for diverse clinics |
| Pricing Model    | Scales with usage | Fixed subscription     | Flexible (by clinic size) |

\*Jing Systems pricing subject to finalisation at release and may vary based on clinic size and selected features.\*

### *Integrated with Tyro Health*

- Claim health fund rebates instantly
- Gap fee calculated automatically
- No manual maths or staff errors
- Client taps card → rebate processed
- EFTPOS pre-filled with correct gap amount

We've built additional advantages into Jing Systems that will be revealed at launch.
